

INTERNATIONAL ROBOTICS WEEK 2022

VENDOR'S DAY

– Enterprises are invited to host their own roundtable - Vendor's Day

Vendors Day is a round table event aimed at meeting robotics companies with representatives of corporations implementing robotic innovations in their structures. You will be able to talk about your robotics needs or about developments and state-of-the-art solutions, learn about suppliers' and customers' offers, establish communication and plan cooperation with companies whose solutions seem relevant to you.

The number of attendees at each round table - up to 60 people, representatives of the public sector, small and medium-sized businesses, business executives, chief engineers and technicians, investors.

The duration of the round table is 1.5 hours.
Speech time limit - up to 15 minutes

The cost of the round table for the company and the presentation is 100 000 rubles including VAT.

Attendance is free of charge
