PRESENTATION

ABOUT THE PROJECT

Held since 2019 in Russia, St. Petersburg.

RRW has become a meeting place for leading robotics vendors and distributors, system integrators, companies supplying process equipment and other equipment used with robots, suppliers of digital programming and control systems for robotic and automated equipment, representatives of industry, science and education.

FORUM ORGANIZER – CLUSTER «CREONOMYCA»

Cluster "Creonomyca" is an association of enterprises and organizations working in the field of HiTech and engineering, robotics, digitalization, artificial intelligence, and interested in integrating efforts aimed at innovative business development.

CLUSTER «CREONOMYCA» ACTIVITIES

Robotics

Center of competence for industrial robotics

Digitalization

Research and Education Center "Digital Industry"

Knowledge Economy

Development and implementation of scientific-methodological solutions in the field of optimization and modelling-regulated management

Smart Cities

Participation in the strategy of social and economic development of St. Petersburg until 2030

RUSSIAN ROBITICS WEEK 18 – 22 NOVEMBER 2024, VARIOUS LOCATIONS OF ST.PETERSBURG

Opening Ceremony of the Robotics Skills Competitions

Organized excursions to the Robotics Skills Competitions

SOTICS WEEK

Competitions in 5 competencies:

- Industrial robotics,
- Mobile robotics,
- Digital production,
- Unmanned aerial vehicles,
- Robotics welding

Seminars, workshops

Cultural Program

Educational courses from the Institute of Innovative Technologies in Business

20 – 22 NOVEMBER 2024: VITH INTERNATIONAL ROBOTICS FORUM, ST.PETERSBURG, PETROCONGRESS

Exhibition of Robotics innovations	Conferences with leading industry experts	
Vendor's Day	Sectional discussions on topical issues	
Job fair	Award ceremony for participants of the Robotics Skills competitions	

KEY DISCUSSION TOPICS

FUNCTIONALLY

- Industrial and collaborative robotics
- Android robotics
- Service / Household robotics
- Intelligent / Software robots / Chatbots
- Digital twins and offline programming
- AGV robots
- Unmanned vehicles / Drones
- Robots in the entertainment industry
- Robots for kids

BY INDUSTRY

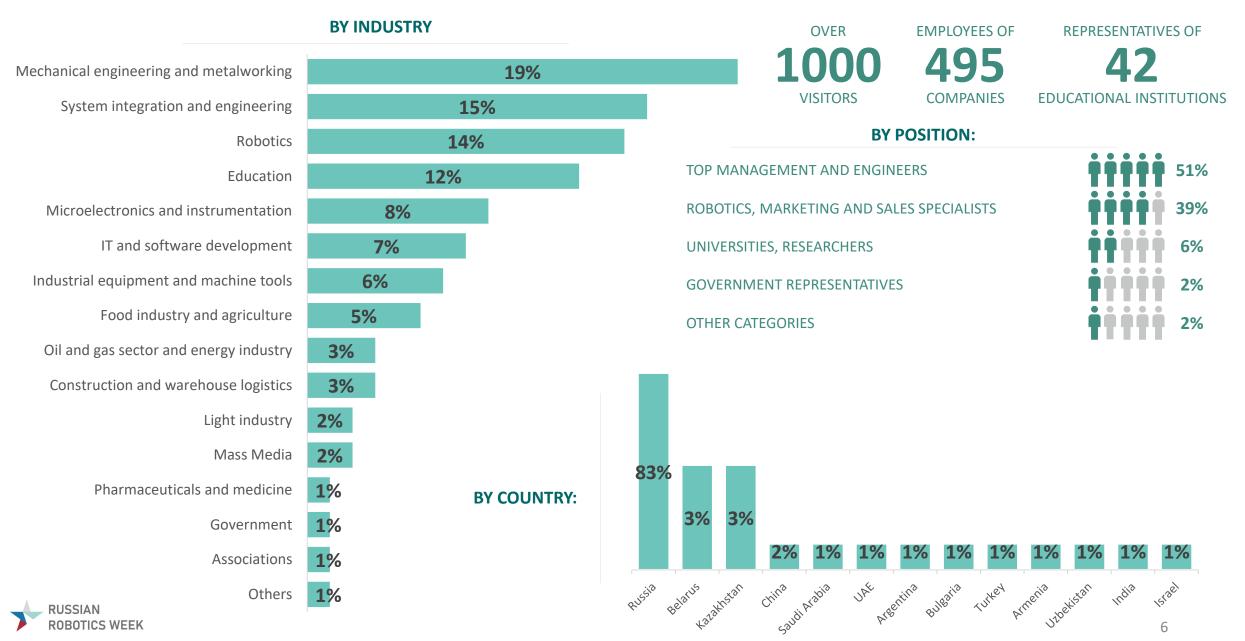

- Mechanical engineering and metalworking
- Automotive industry, shipbuilding, car building
- Aerospace industry
- Machine tool industry
- Oil and gas sector, offshore projects
- Instrumentation, radio and microelectronics
- Light and textile industry
- Pharmaceutical industry and medicine
- Food production & agriculture
- Construction
- Warehouse logistics
- Woodworking and furniture production

AUDIENCE STRUCTURE

INVITED SPEAKERS:

ROBOTICS SKILLS COMPETITIONS

As part of the Russian Robotics Week, **annual student competitions will be held in the Robotics Skills format**, in 5 competencies:

- Industrial robotics,
- Mobile robotics,
- Digital production,
- Unmanned aerial vehicles,
- Robotics welding

The organizers of the Robotics skills competitions are Cluster Creonomyca and SUAI University

Dates: November 18 – 22, 2024 Venue: SUAI University

We invite university teams to take part in the competitions!
